

Infill Incentive District Update

March 10, 2022 – TPCHC - Plans Review Subcommittee

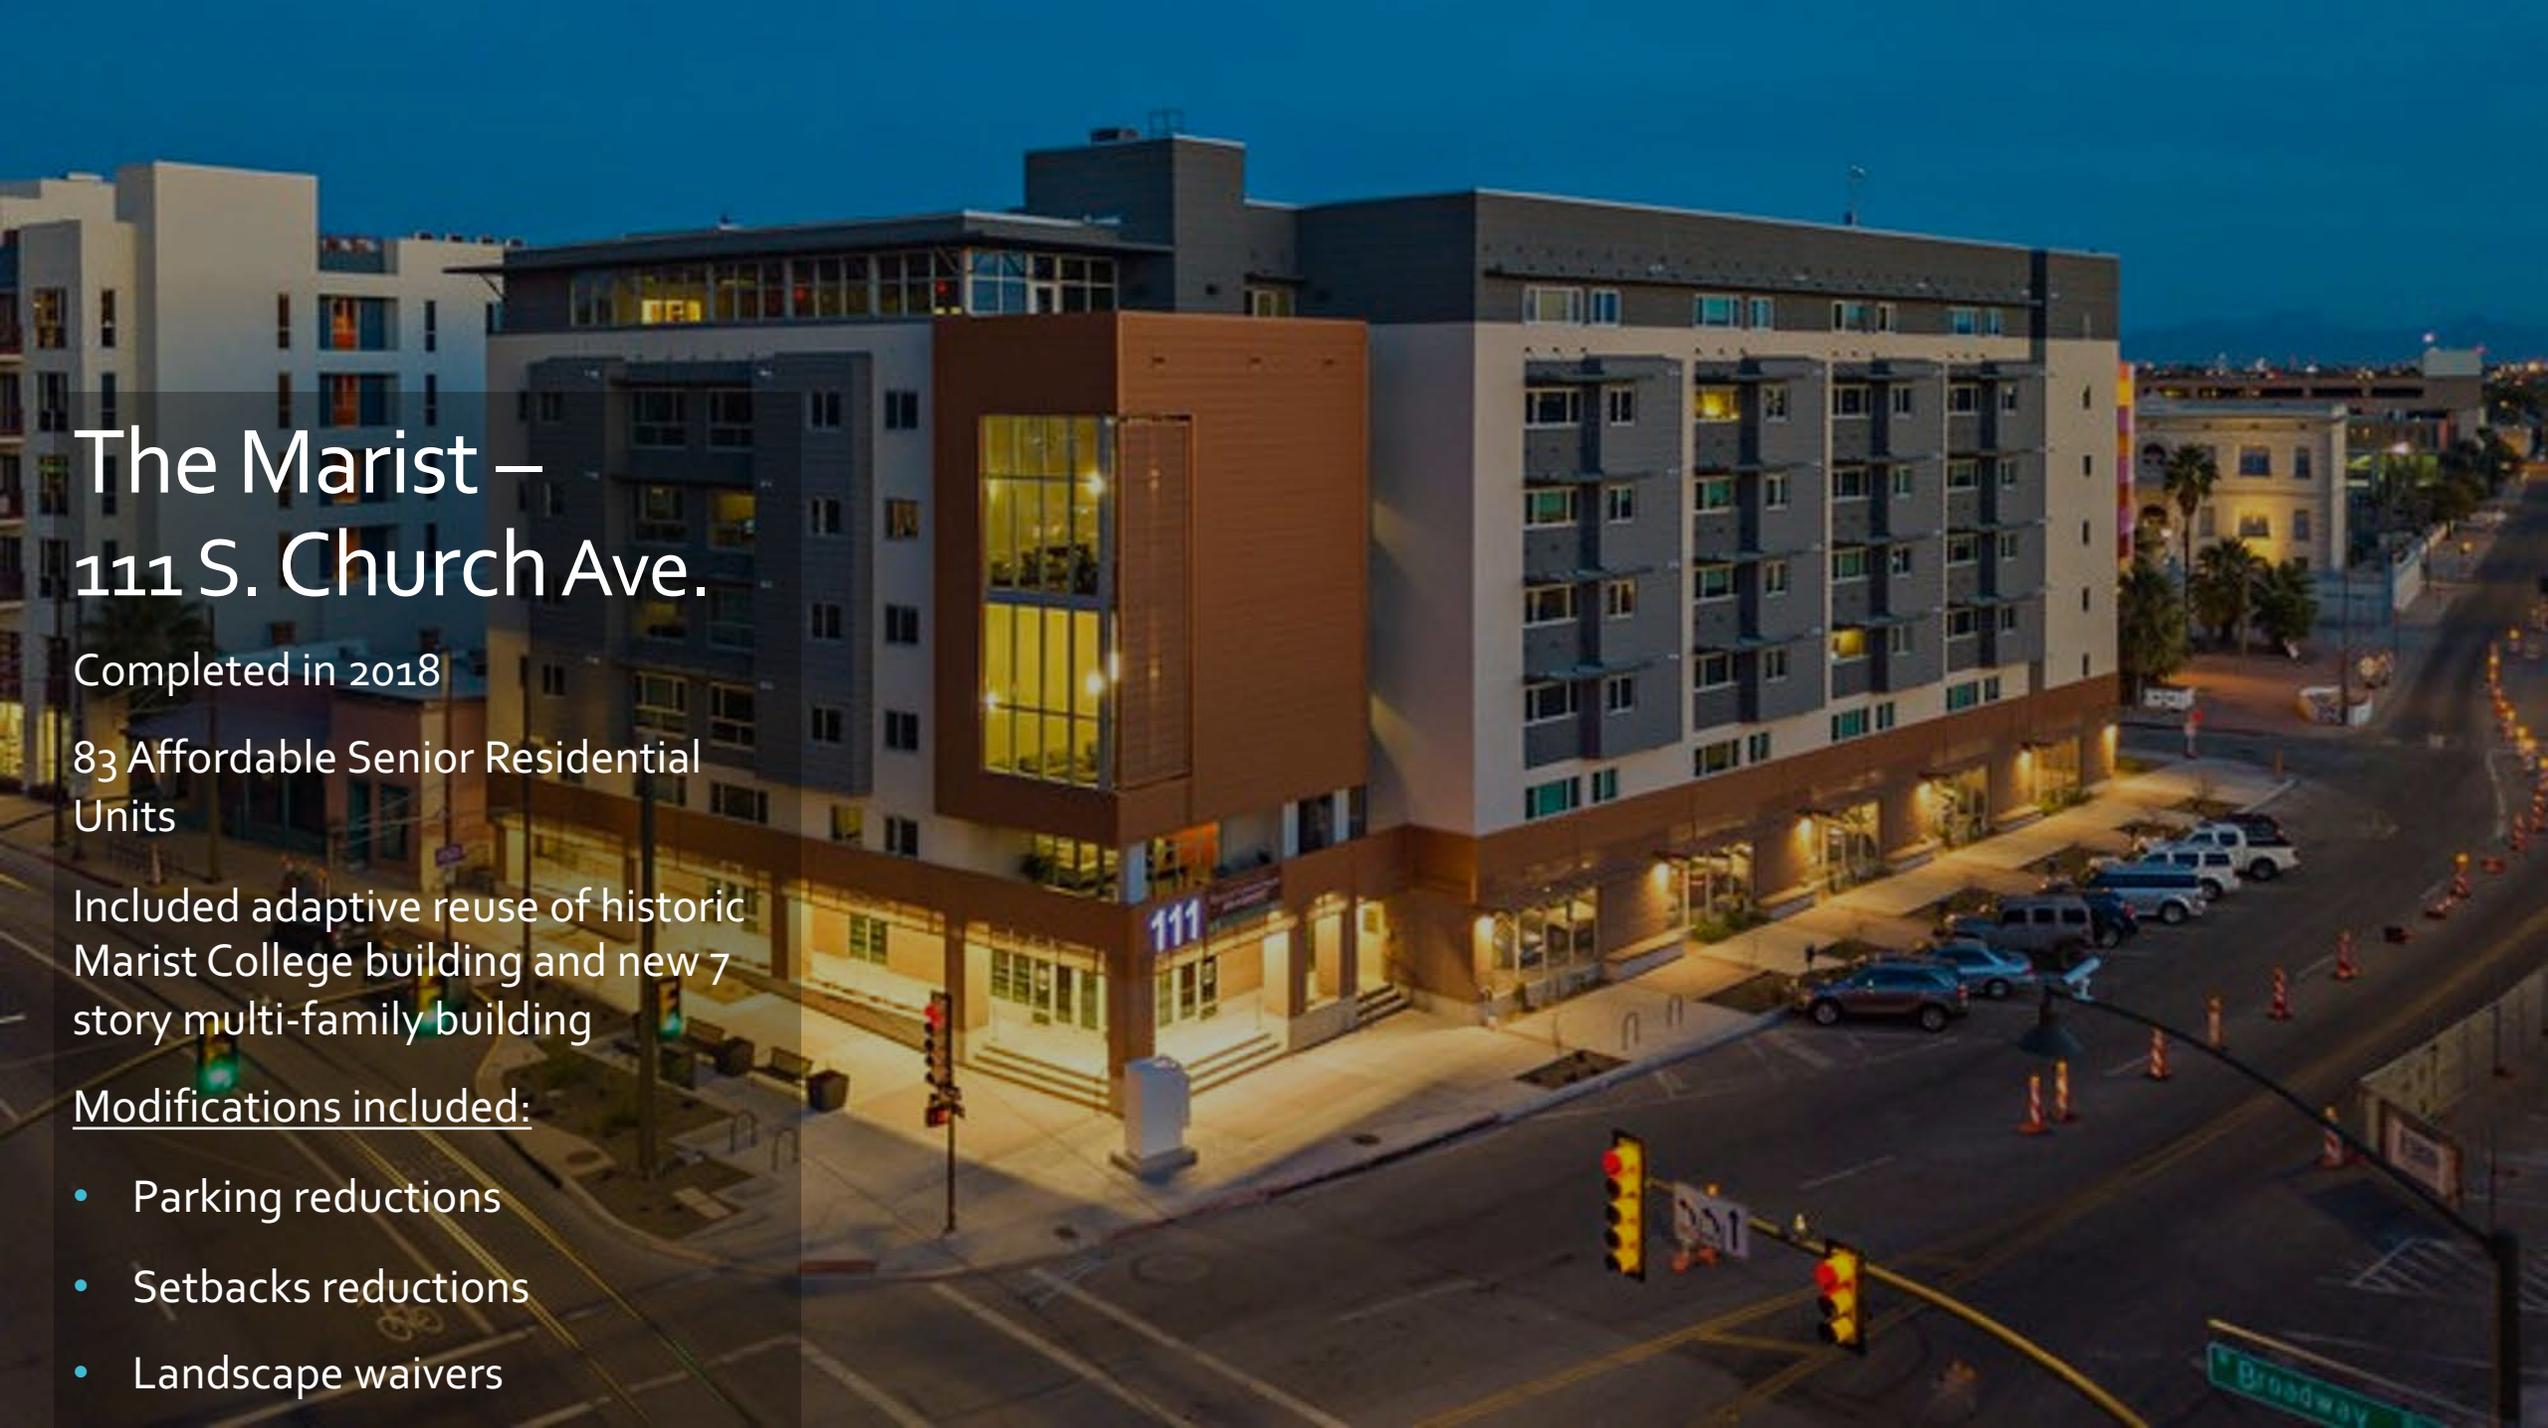

Last time IID underwent significant changes

Infill Incentive District Background

The image shows the interior of a modern cider house. A long, dark wood bar with a red top runs along the left side, lined with dark metal stools. In the background, a bar area is visible with various bottles and equipment. To the right, there are several tables with dark metal chairs. The floor is made of polished concrete, and the walls are a mix of dark and light tones. The lighting is warm and focused on the bar area.

IID and eTOD North/South Corridor Planning Coordination

The eTOD Corridor overlaps with much of the IID

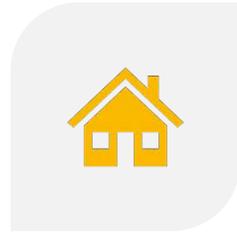

IID is a tool to implement the goals / objectives of the eTOD

The IID and the eTOD Corridor have common goals:

- More vibrant, equitable, and inclusive neighborhoods
- Incentivizing investment in underutilized and vacant spaces
- Create neighborhoods that are pedestrian- and transit-oriented
- A greater variety housing types, such as apartment buildings, duplexes, triplexes, townhomes, and condos
- Job creation that employs local residents
- Adding amenities and public gathering spaces
